IRRIGATION DEPARTMENT.

NOTIFICATION.

[Second publication.]

No. 2-I.- 1st April 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district :—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the grounds, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions :—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available, and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office ; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Executive Engineer, Bankura Division, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Executive Engineer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Executive Engineer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Executive Engineer endorsed with his signature in token of approval.

The Executive Engineer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Executive Engineer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Executive Engineer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Executive Engineer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or oif some other responsible officer nominated for the purpose by the Subdvisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised : but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be require or the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Executive Engineer or other officer in charge of the Revenue Division, Bankura, through his staff of tahsildars and peons. All *khatians* or demand statements shall be signed by the Executive Engineer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Executive Engineer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of accounts of control over establishment, and of general administration, the Executive Engineer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Executive Engineer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall in deciding the case give his reasons for or against assessment, both as regards the facts and as regards the law ; and he shall determine the rate to be charged, subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Executive Engineer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

The Executive Engineer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Executive Engineer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Any person who, after due warning, commits a breach of this rule, may be proceeded against under section 93, clause (*9*), of the Irrigation Act.

47. 4. The developments however since the initiation of the civil disobedience movement have made it necessary to approach this problem no longer as one of general policy, but as one that constitutes a serious and dangerous emergency. The civil disobedience movement, whatever may have been the professed object of those who launched it, is rapidly developing, as all reasonable men foresaw, into violent resistance to constituted authority. The riots at Calcutta and Karachi, the armed outbreak at Chittagong and the grave disturbances at Peshawar show clearly that the spirit of revolution fostered by the civil disobedience movement, is beginning to emerge in dangerous forms. Nothing at the present moment is operating so powerfully to promote that spirit as the writings in the press, many inciting openly to violent and revolutionary action, others by consistent laudation of the civil disobedience movement, encouraging a spirit of lawlessness throughout the country. In these circumstances I have felt it my duty to promulgate an ordinance which revives the powers of the Press Act of 1910, with certain amendments which the conditions of the present time appeared to require. The measure is not designed to restrict the just liberties of the Press or to check fair criticism of the administration. It is one of emergency, but the emergency is plain and my responsibility for dealing with it is equally plain. I trust that at this time all the more sober and stable elements in India, realising what must now clearly be seen to be the inevitable issue of this lawless movement, will unite with me and my Government in resisting the forces of anarchy and leading the country back into the paths of peace and orderly progress.

IRWIN,

Viceroy and Governor-General.

CALCUTTA, THE 25TH APRIL 1930.

RESOLUTION No. 1216MNE.

Withdrawal of the exemption from survey of certain classes of inland steam and motor vessels.

Under an order contained in this department notification No. 78 Mne., dated the 17th August 1917, inland steam-vessels, which do not ply for hire for passenger traffic or which, though plying for hire for passenger traffic, are not capable of carrying more than twelve passengers, are exempt from the provisions of chapter II of the Inland Steam-Vessels Act, 1917. At present these vessels are, therefore, not amenable to survey under the above Act. The Local Government, with the sanction of the Government of India, have decided that the above exemption should be withdrawn, so that all inland steam and motor vessels will be subject to the provisions of chapter II of the Act, except the following which, subject to the sanction of the Government of India, will continue to remain exempt:—

(1) Ordinary rowing boats and sailing boats fitted with a detachable outboard motor.

(2) Sailing yachts fitted with auxiliary motors.

(3) Motor boats forming part of a steam vessel's equipment under the Board of Trade Regulations for boats and life-saving appliances.

(4) Small motor launches not exceeding 30 feet in length and 20 B. H. P. belonging to private persons and used exclusively for personal recreation by the owner, his family, and friends.

It has been decided that in the case of motor craft the order withdrawing the exemption will have effect on or about the 1st October 1930 and in the case of steam craft on or about the 1st February 1931. Formal notifications withdrawing the exemption will issue on or about those dates. Owners and masters of inland steam and motor vessels, other than those mentioned above as exceptions, are hereby informed that after those dates, it will be illegal for any such vessel to ply without a certificate of survey granted under the Act. In the event of the survey, applied for in the prescribed manner, not being complete before the date on which the exemption is withdrawn, no relaxation will be allowed on that ground, unless the application for survey was made, in the case of a motor vessel, on or before the 1st June 1930 and, in the case of a steam-vessel, on or before the 1st July 1930.

2. Applications for surveys to be carried out at Calcutta, Kushtia and Khulna will be received by the Principal Engineer and Ship Surveyor, Calcutta, and for surveys to be carried out at Chittagong, Barisal, Narayanganj and Goalundo, by the Engineer and Ship Surveyor, Chittagong. Forms of application for survey and copies of the rules regarding the making of surveys may be obtained by post from either of the above mentioned officers. It should be understood that first surveys can be carried out only at Calcutta, Chittagong and Narayanganj, where facilities exist for the docking of vessels. Subsequent surveys may be carried out at any of the places of survey mentioned above. On the occasion of the first survey, all vessels must be docked for external examination, but at the subsequent surveys, the surveyor may exercise his discretion as to the external examination, provided that the bottom is examined at least once in four years.

3. Ordered that the resolution be published in the *Calcutta Gazette* and that copies be supplied to the Press for publication. Copies should also be supplied to Commissioners of Divisions, the Principal Officer, Mercantile Marine Department, Calcutta District, the Port Officer, Chittagong, the Inland Steamer Companies in the Presidency, the Bengal, the Indian and the Bengal National Chambers of Commerce and the Indian Merchants' Association, Chittagong.

DARJEELING, THE 23RD APRIL 1930.

RESOLUTION—No. 44T.A.I.

Minister-in-charge: The Hon'ble Khan Bahadur Maulvi K. G. M. Faroqui.

In paragraph 57 of their report the Royal Commission on Agriculture in India recommended that a committee should be established in each major province to work in close co-operation with the Council of Agricultural Research.

2. The Royal Commission were of opinion that local Governments should have full discretion regarding the constitution of provincial committees. They, however, suggested that the Director of Agriculture and the Director of Veterinary Services should invariably be members as well as the Principals of the Agricultural and Veterinary Colleges where these exist, and that there should be in addition at least one scientific expert from the staff of the Agricultural and Veterinary Colleges or Departments, one representative of pure science from the provincial University or Universities, and one or more non-official members.

With regard to the functions of the provincial committees, it was suggested by the Commission that they could best be determined after the Council of Agricultural Research had been constituted, but amongst its duties would be the preparation of programmes of research to be laid before the Council of Agricultural Research and a report on any application from any association or persons within the province for a grant from the Council.

3. The Government of India, Department of Education, Health and Lands, in constituting the Imperial Council of Agricultural Research in resolution No. 826Agri., dated the 23rd May 1929, expressed the hope that all provincial Governments would take early steps to constitute provincial committees to work in co-operation with the Council of Research on the lines suggested by the Royal Commission, subject to such modifications as might be considered necessary in the light of local conditions.

4. The Government of Bengal (Ministry of Agriculture) have given careful consideration to these suggestions and have now decided to establish an Agricultural Research Committee in Bengal. The Bengal Agricultural Research Committee will be entirely distinct from the

Provincial Board of Agriculture reconstituted in resolution No. 43T.A.I., dated 23rd April 1930, and its main function will be to co-operate with the Imperial Council of Agricultural Research in matters connected with the advancement of agricultural and veterinary research, as well as to assist in maintaining touch between that body and agricultural activities in this Presidency. Its primary duty will be to examine all programmes of development and research, which Government may propose to refer to the Imperial Council of Agricultural Research, and report on any application from any association or persons within the province for a grant from the Council. It will also advise the local Government on any scheme or project which may be referred to it for opinion.

5. The constitution of the committee will be as follows:—

1. The Hon'ble Minister in charge of the Agricultural Department, *President*.

2. The Secretary to the Government of Bengal in the Agriculture and Industries Department.

3. The Director of Agriculture, Bengal.

4. The Director, Civil Veterinary Department, and Veterinary Adviser to the Government of Bengal.

5. The Principal, Bengal Veterinary College.

6. One scientific officer of the Agricultural Department to be nominated by Director of Agriculture.

7. One representative of pure science from the Dacca University to be nominated by that University.

8. One representative of pure science from the Calcutta University to be nominated by that University.

9. Professor N. N. Ganguli, C.I.E., Ph.D.

10. Mr. I. S. K. Ghuznavi, B.Sc., Mymensingh.

The Director of Agriculture will act as Secretary to the committee.

Government reserve the power to add to the number of members. The committee shall have powers to co-opt. members possessing expert knowledge and, if necessary, to appoint sub-committees to deal with special problems.

6. The non-official members will hold office for three years.

Order—Ordered that a copy of the resolution be forwarded to the Director of Agriculture, Veterinary Adviser, Principal, Bengal Veterinary College, and the Vice-Chancellors of the Dacca and Calcutta Universities and to the non-official members of the committee, for information.

Ordered also that the resolution be published in the *Calcutta Gazette* for general information.

IRRIGATION DEPARTMENT.

NOTIFICATION.

[Third publication.]

No. 2-I.—1st April 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district :—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the grounds, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions :—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available, and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Executive Engineer, Bankura Division, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Executive Engineer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Executive Engineer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Executive Engineer endorsed with his signature in token of approval.

The Executive Engineer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Executive Engineer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Executive Engineer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Executive Engineer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdvisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised : but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be require or the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Executive Engineer or other officer in charge of the Revenue Division, Bankura, through his staff of tahsildars and peons. All *khatians* or demand statements shall be signed by the Executive Engineer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Executive Engineer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of accounts of control over establishment, and of general administration, the Executive Engineer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Executive Engineer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall in deciding the case give his reasons for or against assessment, both as regards the facts and as regards the law ; and he shall determine the rate to be charged, subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Executive Engineer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment, with respect to the actions of the amins in assessing, and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Executive Engineer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be be made under the orders of the Executive Engineer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Executive Engineer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

The Executive Engineer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Executive Engineer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

Any person who, after due warning, commits a breach of this rule, may be proceeded against under section 93, clause (*9*), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. (a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the district board has taken or has agreed to take in order to make good the deficiency.

(b) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly) the amount, the annual charges involved, and the amount still payable.

reverse, clear informations are given below

(a) From the figures supplied in columns 13 to 15 and 17 to 19, no surplus is noticed with the abnormal fall in cess revenue of the Board due to depression of the coal market; but when the settlement operations that are in progress in this district, are finished, in the near future the cess income of the Board will no doubt be enhanced appreciably leaving a surplus towards repayment of the instalments. Pending increase in income the Board will regulate their expenditure on other Civil Works within their means—the average expenditure on the head being kept within 3 lacs per annum as directed in paragraph 3 of Government letter No. 3323 P.H., dated the 9th December 1929.

(b) A loan of Rs. 50,000 was taken by the Board in 1915-16 on behalf of the Asansol Local Board at 4 per cent. interest, repayable in 30 equal half-yearly instalments of Rs. 2,232-7-9 each. A balance of Rs. 6,438-8 is left at the close of the year 1929-30.

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

[Fourth publication.]

No. 2-I.- 1st April 1930.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Bakreswar Canal in the Birbhum district :—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the grounds, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions :—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available, and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office ; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Executive Engineer, Bankura Division, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Executive Engineer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Executive Engineer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Executive Engineer endorsed with his signature in token of approval.

The Executive Engineer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Executive Engineer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Executive Engineer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Executive Engineer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdvisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised : but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be require or the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Executive Engineer or other officer in charge of the Revenue Division, Bankura, through his staff of tahsildars and peons. All *khatians* or demand statements shall be signed by the Executive Engineer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Executive Engineer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of accounts of control over establishment, and of general administration, the Executive Engineer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Executive Engineer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall in deciding the case give his reasons for or against assessment, both as regards the facts and as regards the law ; and he shall determine the rate to be charged, subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Executive Engineer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment, with respect to the actions of the amins in assessing, and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Executive Engineer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

28. The orders passed on all complaints or applications shall be in writing and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Executive Engineer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

The reasons for such disallowance shall be recorded in writing.

41. The Executive Engineer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

FINANCE DEPARTMENT.

NOTIFICATIONS.

New Delhi, the 10th April 1930.

No. F.-31-R.I/30.—The following Resolution by the Secretary of State in Council is published for general information:—

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 18th day of March 1930, hereby makes the following amendments in the Fundamental Rules, namely:—

I. In rule 9 of the said rules—

(1) In sub-clause (*a*) of clause (*23*), after the word "pay" where it occurs for the first time, the words "in respect of a permanent post other than a tenure post" shall be inserted, and for the word "his" the word "such" shall be substituted.

(2) For clause (*28*) of the said rule, the following shall be substituted, namely:—

"Substantive pay means the pay other than special pay, personal pay or emoluments classed as pay by the Governor General in Council under rule 9 (*21*) (*a*) (*iii*), to which a Government servant is entitled on account of a post to which he has been appointed substantively or by reasons of his substantive position in a cadre."

(3) After clause (*30*) of the said rule, the following shall be inserted, namely:—

"(30 *a*) Tenure post means a permanent post which an individual Government servant may not hold for more than a limited period.

NOTE.—In case of doubt a Local Government may decide whether a particular post is or is not a tenure post."

(4) Clause (*31*) of the said rule shall be lettered "(*a*)", and the following shall be added, namely:—

"(*b*) Time-scales are said to be identical if the minimum, the maximum, the period of increment and the rate of increment of the time-scales are identical.

"(*c*) A post is said to be on the same time-scales as another post on a time-scale if the two time-scales are identical and the posts fall within a cadre, or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility, in a service or establishment or group of establishments; so that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post."

II. In rule 21 of the said rules, for the figure "32" figure "31" shall be substituted.

III. For rule 22 of the said rules, the following shall be substituted, namely:—

"The initial substantive pay of a Government servant who is appointed substantively to a post on a time-scale of pay is regulated as follows:—

(*a*) If he holds a lien on a permanent post, other than a tenure post, or would hold a lien on such a post had his lien not been suspended under rule 13—

(*i*) when appointment to the new post involves the assumption of duties or responsibilities of greater importance (as interpreted for the purposes of rule 30) than those attaching to such permanent post, he will draw as initial pay the stage of the time-scale next above his substantive pay in respect of the old post;

(*ii*) when appointment to the new post does not involve such assumption, he will draw as initial pay the stage of the time-scale which is equal to his substantive pay in respect of the old post, or, if there is no such stage, the stage next below that pay, *plus* personal pay equal to the difference, and in either case will continue to draw that pay until such time as he would have received an increment is earned in the time-scale of the new post, whichever is less.

(*b*) If the conditions prescribed in clause (*a*) are not fulfilled, he will draw as initial pay the minimum of the time-scale.

Provided, both in cases covered by clause (*a*) and in those covered by clause (*b*), that if he either—

(1) has previously held substantively or officiated in—

(*i*) the same post, or

(*ii*) a permanent or temporary post on the same time-scale, or

(*iii*) a permanent post, other than a tenure post, on an identical time-scale, or a temporary post on an identical time-scale, such post being on the time-scale as a permanent post; or

(2) is appointed substantively to a tenure post on a time-scale identical with that of another tenure post which he has previously held substantively or in which he has previously officiated,

then the initial pay shall not be less than the pay, other than special pay, personal pay or emoluments classed as pay by the Governor-General in Council under rule 9 (*21*) (*a*) (*iii*), which he drew on the last such occasion, and he shall count for increments the period during which he drew that pay on such last and any previous occasions.

NOTE 1.—If the Government servant is entitled to overseas pay in the new post but was not drawing overseas pay in the old post, the overseas pay in the new post shall not be

taken into account in determining the stage in the time-scale of the new post to which he is entitled under clause (*a*).

NOTE 2.—For the purposes of this rule sterling overseas pay shall be converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe."

IV. In rule 26 of the said rules—

(1) In clause (*a*), for the words "to which a time-scale applies" the words "on a time-scale" shall be substituted.

(2) At the end of clause (*c*) of the said rule, the following shall be added, namely:—

"This clause applies also to a Government servant who is not actually officiating in the lower post at the time of his appointment to the higher post, but who would have so officiated had he not been appointed to the higher post."

V. In rule 30 of the said rules—

(1) For the first paragraph of clause (*1*), the following shall be substituted, namely:—

"Subject to the provisions of Chapter VI, a Government servant who is appointed to officiate in a post shall not draw pay higher than his substantive pay in respect of a permanent post, other than a tenure post, unless the post in which he is appointed to officiate is one of those enumerated in the schedule to this rule or unless the officiating appointment involves the assumption of duties and responsibilities of greater importance than those attaching to the post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under rule 13."

And in the second proviso to the said clause for the words "the extra allowance, if any" the words "any special pay" shall be substituted.

(2) For clause (*2*) of the said rule, the following shall be substituted, namely:—

"For the purpose of this rule, the officiating appointment shall not be deemed to involve the assumption of duties or responsibilities of greater importance if the post to which it is made is on the same scale of pay as the permanent post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under rule 13, or on a scale of pay identical therewith."

VI. For rule 31 of the said rules, the following shall be substituted, namely:—

"Subject to the provisions of rules 26 (*c*), 30 and 35, a Government servant officiating in a post will draw the presumptive pay of that post, provided that, if the presumptive pay of the permanent post on which he holds a lien or would hold a lien had his lien not been suspended under rule 13, should at any time be greater than the presumptive pay of the post in which he officiates, he will draw the presumptive pay of the permanent post."

VII. Rules 32 and 34 of the said rules shall be omitted.

Simla, the 19th April 1930.

No. F. 31-R.I|30.—The following should be added to the Resolution of the Secretary of State in Council published in the Government of India, Finance Department, Notification No. F. 31-R.I|30, dated the 10th April 1930:—

VIII. In Rule 100 of the said Rules in clause (*c*) for the words "permanent post for a fixed term" in both places where these words occur the words "tenure post" shall be substituted.

A. C. MCWATTERS,

When the Government Inspector recommends the publication of such a report, it shall be in the form adopted by the Inspecting Officers of the Board of Trade; when not recommended for publication, it may be in the form of a letter explaining, as briefly as possible, the special features which the Government Inspector desires to bring to notice.

11. The Government Inspector shall, as far as possible, assist any Magistrate making an enquiry under rule 22 or a judicial enquiry, whenever he may be called upon to do so.

12. Nothing in these rules shall be deemed to limit or otherwise affect the exercise of any of the powers conferred on Government Inspectors by section 5 of the Act.

15. When any enquiry, under rule 7 or rule 22, or any judicial enquiry is being made, the Agent or Manager shall arrange for the attendance, as long as may be necessary, at the office or place of enquiry, of all railway servants whose evidence is likely to be required. If the enquiry is to be held by the Government Inspector under rule 7, the Agent or Manager shall cause notice of the date, hour and place at which the enquiry will begin to be given to the officers mentioned in clauses (*a*) and (*c*) of rule 19. He shall also arrange for the attendance of the District officers at the enquiry.

16. Whenever the Agent or Manager receives a copy of the Government Inspector's report under rule 8 he shall at once acknowledge its receipt. If he differs from the views expressed in the report, he shall at the same time submit his remarks thereon, or, if he is not immediately able to do so, he shall, in his acknowledgment of the report, inform the Government Inspector of his intention to submit his remarks later. If the Agent or Manager desires to prosecute any person or persons, he shall immediately forward a copy of the report, together with a statement of the persons he wishes to prosecute, to the District Magistrate of the district in which the accident occurred, or to such other officer as the Local Government may appoint in this behalf.

17. Whenever the report of the Government Inspector points to the necessity for or suggests a change in any of the rules or in the system of working, the Agent or Manager shall, when acknowledging the report, intimate the action which has been taken, or which it is proposed to take, to prevent a recurrence of similar accidents, or shall inform the Government Inspector of his intention to report further on the Government Inspector's proposals.

18. (1) Whenever an accident, such as is described in section 83 of the Act, has occurred in the course of working a railway, the Agent or Manager shall cause an enquiry to be promptly made by a committee of railway officers (to be called a "joint enquiry") for the thorough investigation of the causes which led to the accident:

Provided that such enquiry may be dispensed with—

(a) if an enquiry is to be held by the Government Inspector under rule 7;

(b) if the accident has not been attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property; or

(c) if there is no reasonable doubt as to the cause of the accident; or

(d) if one department of the railway intimates that it accepts all responsibility in the matter.

(2) Where such enquiry is dispensed with, it shall be the duty of the head of the department of the railway responsible for the accident to make such enquiry (to be called a "departmental enquiry") as he may consider necessary and if his staff or the system of working is at fault, to adopt or suggest such measures as he may consider expedient for preventing a recurrence of similar accidents.

19. (1) Whenever a joint enquiry is to be made, the Agent or Manager shall cause notice of the date and hour, at which the enquiry will commence, to be given to the following officers, namely:—

(a) the District Magistrate of the district in which the accident occurred, or such other officer as the Local Government may appoint in this behalf, the Superintendent of Railway Police and the District Superintendent of Police;

(b) the Government Inspector for the section of the railway on which the accident occurred; and

(c) the officer-in-charge of the railway police, or if there are no railway police, the officer-in-charge of the police-station in the jurisdiction of which the accident occurred.

(2) The date and hour at which the enquiry will commence shall be fixed, so as to give the officers mentioned in sub-rule (1) sufficient time to reach the place where the enquiry is to be held.

20. (1) As soon as any joint or departmental enquiry has been completed, the President of the Committee or the head of the department, as the case may be, shall send to the Agent or Manager a report which in the case of all accidents of the nature described in the explanation to rule 6 must be submitted in the form prescribed by sub-rule (1) of rule 9.

(2) The Agent or Manager shall forward, with his remarks as to the action it is intended to take in regard to the staff responsible for the accident, or for the revision of the rules or the system of working, a copy of such report:—

(a) to the Government Inspector for the section of the railway on which the accident occurred;

(b) if no enquiry or investigation has been made under rule 22 or if a joint or departmental enquiry has been held first, to the Magistrate or officer appointed under clause (a) of sub-rule (1) of rule 19; and

(c) if any judicial enquiry is being made, to the Magistrate making such enquiry.

(3) Such copy shall be accompanied in the case referred to in clause (b) of sub-rule (2), by a statement of the persons, if any, whom the Agent or Manager desires to prosecute, and in the case referred to in clause (c) of the same sub-rule, by a copy of the evidence taken at the enquiry.

21. A copy of reports of inquiries held on accidents not of the nature specified in section 83 of the Act, such as averted collisions, technical accidents, or breaches of block rules, shall be forwarded to the Government Inspector for the section of the railway on which the accident occurred.

Duties of Magistrates.

22. Whenever an accident, such as is described in section 83 of the Act, has occurred in the course of working a railway, the District Magistrate, or any other Magistrate, who may be appointed in this behalf by the Local Government, may, either—

(a) himself make an enquiry into the causes which led to the accident; or

(b) depute a subordinate Magistrate, who, if possible, should be a Magistrate of the first class, to make such an enquiry; or

(c) direct an investigation into the causes which led to the accident to be made by the police.

23. Whenever it is decided to make an enquiry under clause (a) or clause (b) of rule 22, the District Magistrate or other Magistrate appointed as aforesaid or the Magistrate deputed under clause (b) of rule 22, as the case may be, shall proceed to the scene of the accident and conduct the enquiry there, and shall at once advise the Agent or Manager of the railway and the Government Inspector by telegraph of the date and hour at which the enquiry will commence, so as to enable the railway administration to summon the requisite expert evidence.

24. A Magistrate, making an enquiry under rule 22, may summon any railway servant, and any other person whose presence he may think necessary, and, after taking the evidence and completing the enquiry, shall, if he considers there are sufficient grounds for a judicial enquiry, take the requisite steps for bringing to trial any person whom he may consider to be criminally liable for the accident. Whenever technical points are involved, the Magistrate should call for the opinion of the Government Inspector or other professional persons.

25. The result of every enquiry or investigation made under rule 22 shall be communicated by the Magistrate to the Agent or Manager of the railway and to the Government Inspector.

26. If, in the course of any judicial enquiry, into an accident occurring in the course of working a railway, the Magistrate desires the assistance of the Government Inspector or of the Agent or Manager of the railway, or the attendance of any officer of the railway, to explain any matter relating to railway supervision, management or working, he will issue a requisition to the Agent or Manager for the attendance at court of an officer competent to explain such matter, stating at the same time the nature of the assistance required. In summoning railway servants, the Magistrate will take care not to summon so large a number of the employees, especially of one class, on the same day, as to cause inconvenience to the working of the railway. In the case of very serious accidents it will generally be advisable for the Magistrate to obtain a report, from both the Government Inspector and the Agent or Manager of the railway, in regard to the accident, before finally concluding the judicial enquiry.

27. On the conclusion of any such judicial enquiry the Magistrate shall send a copy of his decision to the Agent or Manager of the railway, and to the Government Inspector, and shall, unless in any case he thinks it unnecessary to do so, report the result of the enquiry to the Local Government.

Duties of Police Officers.

28. (1) The railway police may make an investigation into the causes which led to any accident occurring in the course of working a railway and shall do so—

(*a*) whenever any such accident is attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property, or has *prima facie* been due to any criminal act or omission; or

(*b*) whenever the District Magistrate or the Magistrate appointed under rule 22 has given a direction under clause (*c*) of that rule:

Provided that no such investigation shall be made when an enquiry has been commenced or ordered under clause (*a*) or clause (*b*) of rule 22.

(2) The railway police shall report, with as little delay as possible, to the nearest Station-master or, where there is no Station-master, to the railway servant in charge of the section of the railway on which the accident has occurred, every accident which may come to their notice occurring in the course of working a railway attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property, or which has *prima facie* been due to any criminal act or omission.

29. (1) Whenever an investigation is to be made by the railway police—

(*a*) in a case in which an accident is attended with loss of human life or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property; or

(*b*) in pursuance of direction given under clause (*c*) of rule 22,

the investigation shall be conducted by the officer-in-charge of the railway police, or, if that officer should be unable to conduct the investigation himself, then by an officer to be deputed by him.

(2) The officer deputed under sub-rule (1) shall ordinarily be the senior officer available, and shall whenever possible be a Gazetted officer, and shall in no case be of rank lower than that of Inspector:

Provided that the investigation may be carried out by an officer-in-charge of a police station—

(*i*) in such a case as is referred to in clause (*a*) of sub-rule (1) unless loss of life or grievous hurt has been caused to more persons than one or injury to property has been caused to a value exceeding Rs. 10,000, or there is reason to suspect that any servant of the railway has been guilty of neglect of rules; or

(*ii*) in the case referred to in clause (*b*) of sub-rule (1) if the District Magistrate so directs.

30. The officer who is to conduct an investigation in pursuance of rule 29 shall proceed without delay to the scene of the accident and conduct the investigation there and shall at once advise the Agent or Manager of the railway and the Traffic Officer of the district by telegraph of the date and hour at which the investigation will commence so that, if possible, the presence of a railway official may be arranged for to watch the proceedings and to aid the officer making the investigation. The absence of a railway official must not, however, be allowed to delay the investigation, which should be made as soon as possible after the accident has taken place.

31. (1) In every case to which rule 29 applies, immediate information shall be given by the railway police to the district police, who, if so required, shall afford all necessary assistance and shall, if occasion arise, carry the investigation beyond the limits of the railway premises. But the railway police are primarily entrusted with the duty of carrying on the investigation within such limits.

(2) Subject to any provisions elsewhere contained in these rules, the further prosecution of the case, on the conclusion of the police investigation shall rest with the railway police.

32. The result of every police investigation shall be reported at once to the District Magistrate or other officer appointed in this behalf by the Local Government to the Agent or Manager of the railway or other officer appointed by him, and to the Government Inspector.

33. Where there are no railway police, the duties imposed by rules 28, 29 and 30, sub-rule (2) of rule 31, and rule 32 on the railway police, or on the officer-in-charge of the railway police, shall be discharged by the district police or by the District Superintendent of Police, as the case may be.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

In no case can applications be considered in respect of decorations conferred more than five years previously, or offered in connexion with services or events so long prior to the nomination.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. 3. Full and unrestricted permission by Warrant under the Royal Sign-Manual will only be given in the case of Decorations earned by services in the salaried employment of the foreign Government concerned, by honorary consular services of not less than three years duration, or by distinguished services in the saving of life.

Such services must have been rendered, at least in part, within the period of five years immediately preceding the notification prescribed by Rule 5 below.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic representative of the latter at the Court of St. James.

6. When His Majesty's principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

Medals.

8. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission to wear is given by Letter and not by Royal Warrant. No permission is needed to accept a Foreign Medal if it is not to be worn.

9. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without restriction.

Applications for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions, and Commemorative Medals, cannot be entertained.
